ABOUT ME

A fresh graduate in Computer Science from Universitas Negeri Medan with a background in Computational Science, Machine Learning, Computer Vision, Web Development, and Big Data. Focused on administrative competencies, data processing, and the utilization of digital systems. Accustomed to working accurately, neatly, and responsibly in supporting operational processes and document management. Able to work well in a team, with a professional attitude and a strong commitment to continuously developing communication skills and adaptability to administrative and data-related systems and procedures, in order to contribute effectively to companies and industries.

EDUCATION

Universitas Negeri Medan (2020 - 2025)
Computer Science - GPA 3.56

Actively participated in various campus activities and external organizations, namely Google Developer Student Club (GDSC USU) and Indonesian Christian Student Movement (GMKI) FMIPA Unimed Chapter. Participated in various competitions including Gemastik, E-Time PNJ, and Dimasti AMLI. Also participated in MSIB activities from Kampus Merdeka, specifically the AI-Blockchain program from Bisa AI Academy and Machine Learning Cohort at Bangkit Academy led by Google, GoTo & Traveloka.

EXPERIENCE/TRAINING/BOOTCAMP

Machine Learning – Bangkit Academy Led By Google, GoTo and Traveloka   **August 2023 – January 2024**
- Attended Google training and certification as well as Machine Learning at Coursera Academy.
- Participated in scheduled learning activities/ILT with instructors on Machine Learning & Soft Skills.
- Participated in soft skills video creation challenges on Growth Mindset & Fixed Mindset.
- Built and implemented a traditional Indonesian fabric classification model using a pre-trained model, specifically MobileNetV2.

AI Blockchain – MSIB   **August 2022 – December 2022**
- Learn courses at Bisa AI Academy with mentors in: Machine Learning, Blockchain Structure, Data Science, Deep Learning, Cyber Security and Cloud Computing, as well as attending online classes.
- Following soft skills activities as a speaker at the webinar "Python For Data Science for Beginners" organized by Bisa AI Academy on the tampil.id platform.
- Built a final project with the team: "Crypto Price Tracker real-time app" - a web-based application to predict digital currency prices in real-time using crypto price API from CoinCap.

Bless Computer – Internship   **September 2019 – November 2019**
- Performed software installation including Windows, MS Office, drivers, network, and other applications on PCs
- Conducted hardware repairs such as disk replacement, motherboard cleaning, and thermal paste replacement

AMIK MBP – Internship   **February 2019 – May 2019**
- LAN network installation in campus laboratories
- Software and operating system installation for UTBK 2019
- PC assembly and installation to build new laboratories

EXPERIENCE IN ORGANIZATION

Google Developer Student Club – Medan, Indonesia   **November 2022 – November 2023**
Universitas Sumatera Utara
- Participated in technology-related learning activities, including Machine Learning, Deep Learning, Cloud Computing, Android Development, and Web Development.

CERTIFICATE

- Data Entry Certification (chatstudi intership) ; PT Indoasn Indonesia – **2026**
- Data Science Challenge with Python; DQLab Academy – **2025**
- Deep Learning (Fresh Graduate Academy); Digital Talent Schoolarship – **2025**
- Google Data Analytics; Google Career Certificate – **2023**

COMPETITION

- DIMAS-TI AMLI Programming Division Assosiation MIPA LPTK Indonesia – **2022**
- Networking Competition at E-TIME PNJ – **2022**
- Gemastik XIV Cabang Pemrograman **- 2021**

HARD SKILLS

- Python Programming, Machine Learning, and Big Data / Data Analysis (Entry Level)
- Administrative tasks (document filing, data recording, and report preparation)
- Proficient in Microsoft Office (Word, Excel, PowerPoint) and Google Workspace
- Software and application installation and configuration

SOFT SKILLS

- Discipline
- Attention to detail
- Problem-solving
- Leadership
- Communication
- Teamwork

LANGUAGE

- Indonesia – Active
- English - Intemmediate
